

# They Will Still Hate You Even If You Disarm

It was quite a surprise to find out that we Trump voters were personally responsible for the savage murder sprees of a creep who dug single-payer and a satanist fan of Big Chief Warren. The El Paso scumbag decided he wanted to murder Hispanics because migration would somehow destroy the environment, which falls right in line with classical progressive eugenics balderdash. The Democrat from Dayton was full-on #Resistance. But apparently we conservatives were to blame for their actions because we refuse to give up our rights.

Now, those links I just outlined between these idiots' political beliefs and liberals *should* not act to place the moral blame for their vile deeds upon liberals, but they must because that's apparently the new rule. It's a stupid rule and I think we should go back to the old rule - the person responsible for the crime he commits is the criminal - but since the new rule is in effect then the liberals can enjoy it like a suppository.

Remember, everything the mainstream media tells you at the behest of the liberal elite is a lie and a scam designed to increase their power and wealth by diminishing your power and wealth. Global warming? It's such a crisis that they need to fly their private jets to fabulous resorts to discuss how you must trade in your Ford Expedition for a Schwinn and how millions of people like you who support their families in the petroleum industry better learn to code. And now the crisis of two left-friendly mutants out of 335 million people means you need to be disarmed. Oh, and you're also racists so you should be disenfranchised too.

Weird how the liberal solution to every problem is always to make you less free.

One of their tactics is exhaustion - to exhaust the weak among us and get them to say, "Gosh, if we just give in we can put this unpleasantness behind us." But you can't put anything behind you with these people, because there is nothing to put behind you. It's all a lie. You are not a racist. Your guns won't hurt anyone but criminals and aspiring tyrants. And the leftists know it. They know they are spewing skeevy slanders, and if you give in on this one - handing over your AR-15 and hanging your head over prejudices you don't possess - the libs and their newsprint lackeys will just club you with another set of grievances that you can only atone for through further submission.

It will never end. They will always hate you. Always. Nothing you can do will change that. Nothing. So get used to it and invite them to pound sand.

It would be nice to have libs and their media goons not sliming us all the time with manifest falsehoods. It would also be nice to have a pet unicorn named Chet always ready to make a run to the liquor store to pick up a sixer of Dos Equis and some Doritos. Neither one is going to happen, and you can't change that by giving in. No matter how much you abase yourself it will never be enough for them to not hate you.

Take Mitt Romney, please (back to whatever state he's from this week). He shamelessly smooches lib rear expecting a pat on the head but the second he deviates from his Never Trump sissydom he gets eviscerated. Bret Stephens of the loathsome NYT is the classic kept conservative, but no matter how much he sucks up, if he offers any hint of #Resistance resistance - no matter how qualified and neutered - they torch him like a witch.

They are *always* going to hate you, so get any idea out of your head that if you just surrender then this endless tsunami of lies will finally be over. It won't, because it has nothing to do with what you actually think or have actually done. Nothing. It's a means of oppression, a tactic to stop you from exercising your right to be a citizen instead of a serf.

The libs' goal in disarming you is not to stop crime. If it were, the blue cities where they rule would not be the urban war zones the media tries to ignore (we are blessed to have an alternative media that outflank the lying mainstream press). Ask a liberal - the problem is police arresting too many criminals. The problem, to them, is mass incarceration, as if the massively incarcerated are all innocent honor students swept up in some sort of malicious dragnet.

We think criminals ought to be in jail. The Democrats' goal is to make us into criminals - once we're criminalized the whole over-incarceration crisis will vanish and they'll get all Old School Kamala 1.0 *vis a vis* locking people up.

Defenseless, silenced and paying for everyone else's stuff, all while being abused and disrespected - that's what the left wants for you.

Everything the left says or does is designed to make them more powerful by making you less free. You can never give enough of your money or freedom away to make them stop hating you, so don't try. Get woke to their scam - luckily we have a president who is - and don't play along. They'll always hate you, so stop caring about their lies.

Readers keep telling me that my action-packed yet highly amusing thrillers about the United States' split into red and blue countries, [People's Republic](#), [Indian Country](#) and [Wildfire](#) seem to be coming true. These novels have been called "Appalling" by the hapless geebos who sank the *Weekly Standard*, so you should check them out.
